New Business:

1. Ms. Sink brought before the PTO a proposal by two companies to pre-package school supplies that are needed at the start of the school year. The supplies would be ordered, paid for by the school, boxed and brought to the school to be purchased by parents. The two companies were EPI and Staples. It was decided that because of the cost of the supplies, and because it was something of an administrative hassle with no return for the school's trouble, and especially because the school is in flux right now with the opening of YES, that it would not be pursued this year.
2. Ms. Sink brought up the need for people to coordinate the AR Cart and fundraisers for next year.
