TO: School Board Members

FROM: Bobbi F. Johnson, Superintendent

DATE: September 2, 2014

SUBJECT: Request to Approve Foreign Exchange Students

The German-American exchange program that was started by Ulrike (EK) Mello several years ago continues, and students from Germany are staying with host families in Culpeper through September. Two students have requested to stay until the end of November.

While those who are organizing the program on this end were aware that two students were anticipating a longer stay, the formal request from Germany did not make it to us until just last week. Because of the timing, this request no longer falls within policy JECC requirements and now must have Culpeper County School Board approval.

The students have host families and do not need specific classes for credit. They have the appropriate travel documentation to stay. The request from Germany is to have them sample an array of core and elective offerings. Both students are staying with families who have students at CCHS, and Mr. Dietz will accept the students with Board approval.

I am requesting approval to allow two students from Schlossberg Realschule to extend their stay at Culpeper County High School until November 30, 2014.
