

Draft Superintendent Goals:  
Anthony S. Brads  
July 1, 2016

The Culpeper County School Board met on Monday, June 27, 2016 to conduct the Superintendent's Annual Evaluation. From that process, the following annual goals for the Division Superintendent were recommended:

1. Participate in professional development activities geared toward improving and strengthening the work environment in the school division.
2. Continue to seek to improve communication with and between the School Board, the Division Superintendent, and school division staff commensurate with their respective roles and responsibilities.
3. Continue to seek out, cultivate, and develop existing school division personnel with respect to possible leadership positions in the future within the school division.
4. Continue to seek to improve morale for teachers and staff through revised and improved surveys, staff engagement, and staff recognitions.
